

The "BASIC" Package

"Dear Valued Customers,

Throughout our years of developing websites for our clients, too often we hear our clients ask:

1. How do I get my website listed with Online Business Directories?
2. Can I get a Hit Counter for my website? I need to know how many visitors we're getting and where they come from.

We have been listening to your requirements and I am proud to present the "Basic" package to cover your hosting fee, get listed in our online Business Directory and get a free website statistic counter for your website. What we're offering will save you time and money and these additional features will benefit your business.

Read more about the "Basic" package below and do not hesitate to contact us if you need further information"

Sincerely,
My LAM
Director
