

“Dear Valued Customers,

Throughout our years of developing websites for our clients, too often we hear our clients ask:

1. How do I get my website listed in Online Business Directories?
2. Can I get a Hit Counter for my website? I need to know how many visitors we're getting and where they come from.
3. How do I create setup an online Discussion Forum?

We have been listening to your requirements and I am proud to present the “Premium” package to cover your hosting fee, get listed in our online Business Directory, get a free Website Statistic Counter, a Web Calendar and Discussion Forums.

What we're offering will save you time and money and these additional features will benefit your business. All for a very low monthly fee. Read more about the “Premium” package below and do not hesitate to contact us if you need further information.

Give it a go and see how we dramatically improve business! And you can cancel your subscription anytime so what do you have to lose?

Sincerely,
My LAM
Director

2. GET LISTED IN OUR ONLINE BUSINESS DIRECTORY

[VIEW DEMO](#) | [MORE INFO](#)

Let us introduce you to B-Link, an online Business Directory Website. B-link was created by My Websites especially to get your business greater exposure in the crowded online market. B-Link will be advertised through Google and Local Newspaper in a near future.

As a demonstration, some of My Websites clients are currently listed in our online database. For a quick Demo, simply [CLICK HERE](#) and search for a business name.

3. WEBSITE STATISTIC COUNTER

[VIEW DEMO](#) | [MORE INFO](#)

Would you like to know how many people have visited your website or how many hits your website has got? What about information such as these:

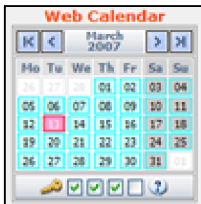

- Number of Hits
- Popular Pages
- Search Keywords Analysis
- Referred Search Engines (where your visitor came from)
- Entry Pages, Exit Pages
- Visitor Path, Length and Activity
- and more.

4. WEB CALENDAR

[VIEW DEMO](#) | [MORE INFO](#)

Why would you need a Web Calendar? The main purpose is to keep your Staff informed of important Dates, Reminders or Events within your organisation. May be your business has an Event List that you want all your members to be able to view, **anywhere at anytime!** The possibilities are endless.

This is a highly sophisticated Calendar that let you do more than just adding Daily, Weekly Events. You can do the following:

- Be able to view Daily, Weekly, Monthly and Yearly Events.
- View passed Events
- Filter Events by Category
- Print Events
- Password Protected Administration.
Only authorised Staff can Add / Edit / Delete Events.
- Set Event Date, Event Finishing Date, Title, Email Reminder, Fully Format Event Body Message by Pasting from a Word File and insert Images! And much much more!

5. DISCUSSION FORUMS

[VIEW DEMO](#) | [MORE INFO](#)

Is Customer Support an important thing for your business? But are you wasting too much time answering Frequently Asked Questions, questions that have repeatedly been asked by other members?

An Online Discussion Forums create an online community where your customers can interact with you and one another. They can post they questions and concerns, you reply and the next lot of new customers can search for the answers here. Save yours and your customers' time!

We will fully setup this Forum for you and put a link to it on your website at the location of your choice. With a "Administration Panel" you can create, edit and maintain your forums.

Forum Administration						
Test category 1			Edit	Delete	Move up Move down	
Test Forum 1 This is just a test forum.	1	1	Edit	Delete	Move up Move down	Resync
<input type="text"/>	<input type="button" value="Create new forum"/>					
<input type="text"/>	<input type="button" value="Create new category"/>					

Search engines such as Google values "content-rich" websites and an online Discussion Forum can help your website. How? As your customers post various topics and you reply to them, you are creating more content which is obviously relevant to your business. As a result, you're automatically getting a "content-rich" website.

Beside improving customer service, you are also increasing your website ranking. So why not [Subscribe](#) to our "Premium" Hosting package today and see how it could benefit your business.
